PART 2

17.10.2013
Welcome ceremony
in Kronowo, Poland

Nice students, hospitable teachers.

Enjoy the playback
of entertaining modern
interpretations
of popular tales.

17.10.2013

We were invited to lessons prepared by the teachers from Kronowo.

It was a pleasure for us to learn together Polish, English, mathematics and art.

We had pleasant experiences and unforgettable moments by the bonfire in the school yard!

We were invited to visit the secondary school in Barczewo.

18.10.2013

We met there
the mayor of the city,
who told us

interesting facts about the development of the region.

The headmistress was so kind to show us
around the school.

Impressions from the meeting in Poland

I spent such a good time in Poland. I liked it because it is highly developed economically, has beautiful nature and preserved historical monuments and landmarks. Poland is unique, it is the ninth largest in Europe and the sixth most populous country, member of EU. Polish people are very hospitable and correct. I hope I could ever go again to Poland.

I don't know what to start with, because everything impressed me a lot.

The thing that made a huge impression on me was the hospitality of the family.

I was in a family, that was very good-natured and optimistic towards me.

The other thing was that the students from the polish team were with good behavior and friendly to me and to my friends from Bulgaria.

I liked the village of Kronowo and town Barczewo .

I wish when I become older enough to go back , because I want to see me friends from Poland. I miss them all very much.

From all the activities I liked most the lessons that were taught to us, trips to the other cities , going to the planetarium, barbecues, making the board with which we show what village of Kronowo was for us, the color of the bags that were given to us , singing songs and everything else .

In other words I want to describe everything just with one word:

“ I WANT IT AGAIN “

Impressions from the meeting in Poland

IVAN YANEV

I had experienced pleasant emotions on entering the plane from Sofia to Poland. We arrived around 21:00 at the school in the village of Kronovo from there we distributed with the rest of the group. I was in a very pleasant family. I like architecture of the buildings that is different from ours. Everything was very nice from the first day we met with all the new friends there, barbecues, walks, visits to various cities and museums. It was very interesting for us to learn about their culture and way of life and everything done together was very pleasant experience. I hope that in the future I will be able to meet again the friends from Poland because I already miss them.
