## **DEVELOPMENT OF VOCATIONAL EDUCATION FOR STUDENTS WITH SPECIAL NEEDS SLIVEN MUNICIPALITY**

Vocational education is adequate and decisive step towards effective social integration of students with special needs. It is the main focus of national policy for the integration of people with disabilities. It is implemented in the municipality of Sliven in Special School "Dr. Vlasaki Shumanov." Professional training in the professions "Worker in catering and entertainment" and "Painter - paper-hanger" is available from the beginning of the school year 2000-2001.

# BEGINNING

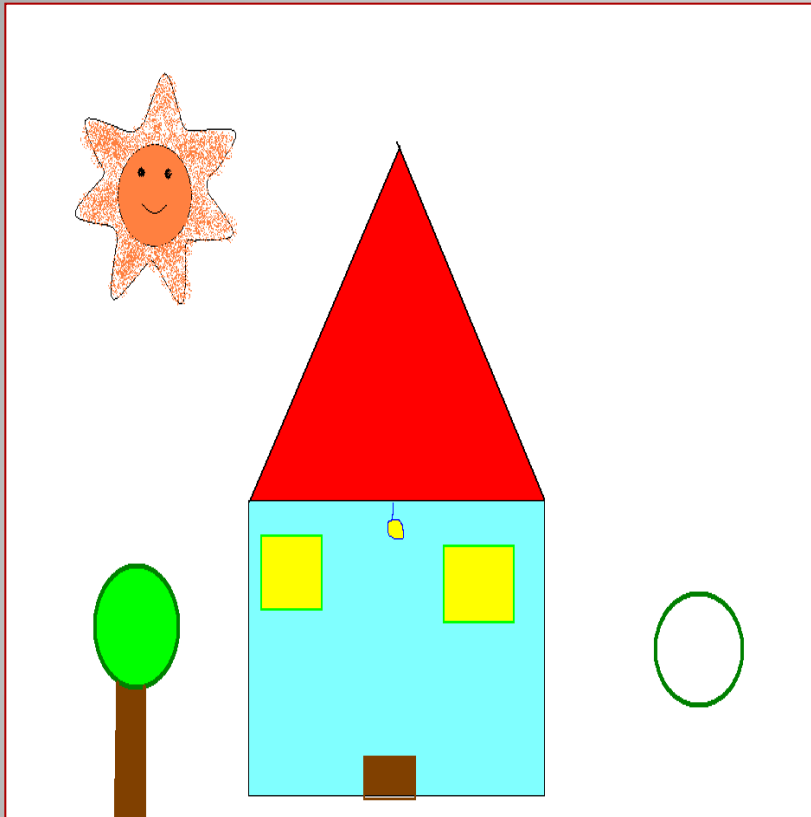

The school management conducts market research on the need for human resources in the labor market for professions such as physical and intellectual stress, meet the specifics of students with special needs. Was conducted and pre survey of parents and students focused on defining their vision for their professional realization and socialization.

Based on the data the school pedagogical council adopted a decision Special School "Dr. Vlasaki Shumanov" offer in the school year 2000-2001 training for a first degree qualification in professions "Worker in catering and entertainment" and "painter, paper-hanger. "

Providing an effective educational and training process in the professional classes need good technical base and primarily suitable environment for the conduct of the practice.

In this regard, with the support of sponsors and personal contribution of teaching staff of the school is equipped training workshops in cooking. The first evidence of formal qualifications issued educational institution at the end of 2001-2002 school year. Vocational training completed a total of 18 students with special needs -11 in the profession " Worker in dining and entertainment" and 7 profession " Painter - paper-hanger ."

## PROJECT ACTIVITIES: "FEE-HARPS FOR SLIVEN BULGARIA"

TOUCH OF CHILDREN  
FROM SPECIAL SCHOOL  
"Dr. VLASAKI SHUMANOV"  
TO WONDERFUL WORLD OF MUSIC

The project is implemented by the idea of Europe organization - FELS based in Würzburg, Germany. Musical instruments were donated by the community of Ohsenfurt city.

The funds for the purchase were collected at the benefit concert held on 20.07.2007 under the patronage of the Mayor of the city.

This unique tool  
"FEE HARP" was created by  
Herman Fee for the period  
1987-1992 year.

Its purpose is:  
engagement with music children  
with special needs and  
multiple disabilities.

On "Fee harp" are playing  
people with disabilities  
Netherlands, Belgium, Japan,  
Norway, Russia,  
and from 09.2007 in Bulgaria.

**Music can also be performed by children with combined disabilities / auditory, visual /.**

During this school year in collaboration with the Regional Center "Open Education" - Sliven and Foundation "Charles Stewart Mod" started implementation of the project:

"Development of environmental education of students in special schools and landscaping the yard"

Over the years the Special School "Dr. Vlasaki Shumanov" was established in the city with its appearance and name, proved his place as a center for training and education of children with special needs.
