Bulgaria-Latvia-Poland-Romania-Sweden

February

The second meeting took place in Latvia. We visited many interesting places, both of historical interest such as a castle and an outdoor museum of the 2nd World war, and more modern places such as a scientific Exploratorium. We also got to see the capital, Riga, and the city of Ventspils. We also took part in lessons at the school, visited many other schools and took part in different activities, such as cooking and sports. It was great for all of us to play in the white snow!

Each partner country made power point presentations about our respective educational systems.

March

We started creating our e-vocabulary.

April

The third meeting took place in Bulgaria. We visited many places: mountains, museums, the Black sea with beautiful Nessebar. We presented our PPTs about each country's educational system.

Students researched on their Easter traditions. They made poster and shared via e-mail with the students in the other countries. Every school had an exhibition for the other students to see and learn.

May

Partner schools prepared DVDs/PPTs with the activities done the first year.

June

The partner schools celebrated Comenius gala and published articles in the School magazine.

The fourth project meeting in took place in Sweden. This time only teachers were present.

July-August

We exchanged summer holiday greetings by writing diaries about our summers and then sending them to our friends.

September

We sent each other e-postcards and exchanged greetings for the new school and project year!
